FRONTEND DEVELOPER

At H&H Communication Lab, we analyse and optimise business communication.

Our USP: TextLab (www.text-lab.de) – a text-analysis and optimisation software that supports our customers in the writing and text revision process in order to make their texts easier to understand and to improve their style.

We are on the market for over 18 years– but we feel young, innovative, and dynamic nonetheless! Among our customers, there are many of Germany's largest banks and insurance companies as well as telecommunication companies, energy providers and public authorities.

YOU'RE THE PERFECT PICK BECAUSE

- You're an enthusiastic **frontend developer**
- You have at least **two years of experience**
- You´re looking for a **fulltime job on a long-term basis**
- You expect **fair payment and a flexible working environment**
- You want to join a **great team in a company doing meaningful work**

WHAT'LL KEEP YOU BUSY

- Supporting our international team at developing TextLab
- Customising features for our major customers
- Contributing new frontend inspiration

WE WANT YOU BECAUSE

- You know your web technologies (HTML5, CSS3, JavaScript, SASS)
- You have advanced knowledge of React.JS
- You're comfortable with SQL databases (ideally PosgreSQL)
- You like interacting with your colleagues and sharing your ideas and skills
- You've got a decent level of English speaking skills
- Maybe you're even familiar with some of these computational concepts / technologies: RESTful APIs, OpenAPI, Node.JS, Hapi.JS, TypeScript, Sequelize, Material-UI, UX methods, responsive Design, Scrum, version control (GIT).

SOME OF YOUR ADVANTAGES

- Flexible working hours
- Permanent contract
- Bright office and friendly environment
- Remote work possible after training period
- Pick your hardware
- Open-minded working atmosphere and space for your ideas
- No business travel necessary
- Small team and versatile tasks
- Low hierarchy feedback culture
- And of course: Free coffee ;-)

Sounds interesting? Don't hesitate to send us your English or German CV. Looking forward to reading from you!
